Þroskaðir ávextir, smjör og vanilla. Fyllingarmikið, mjúkt og fágað.
Ripe fruits, butter and vanilla. Full-bodied, smooth and elegant.

TEQUILA & MEZCAL

Tequila og mezcal eru sterkvín, bæði búin til úr agave en framleiðsluaðferðirnar eru ólíkar. Rétt eins og með vín eru engar tvær flöskur nákvæmlega eins.

Tequila er framleitt úr Blue Weber agave og má aðeins framleiða á ákveðnum svæðum í Mexíkó, þekktast þeirra er Jalisco hérað. Agave-plantan er elduð áður en hún er gerjuð og eimuð. Útkoman getur verið allt frá ferskum sítrus- og pipartónum yfir í sætari og jarðtónaðara.

Mezcal má framleiða úr mörgum mismunandi tegundum af agave og er Oaxaca þekktasta framleiðsluhéraðið. Hefðbundið mezcal er framleitt með því að elda agave í gryfjum í jörðinni áður en það er gerjað og eimað. Þessi aðferð getur gefið mezcal sitt þekkta reykta bragð.

En Mezcal þarf alls ekki alltaf að vera reykt. Það getur verið ávaxtaríkt, blómlegt, jurtaríkt, steinefnaríkt, jarðtónað eða reykt, allt eftir agave-tegundinni og framleiðsluaðferðinni.

BLANCO, REPOSADO & AÑEJO

Þessi heiti segja þér fyrst og fremst hversu lengi tequila hefur fengið að þroskast í eik.

BLANCO

Ferskt & hreint

Yfirleitt óþroskað eða aðeins látið hvíla í stuttan tíma.

Hér fær agave að njóta sín í sinni tærustu mynd – oft ferskt, bjart, sítruskennt, jurtaríkt og piprað.

REPOSADO

Mjúkt & jafnvægið

Reposado þýðir „hvílt“. Tequilað fær að þroskast í 2–12 mánuði á eikartunnum.

Eikin mýkir drykkinn og getur gefið tóna af vanillu, karamellu og kryddi án þess að fela karakter agave-plöntunnar.

AÑEJO

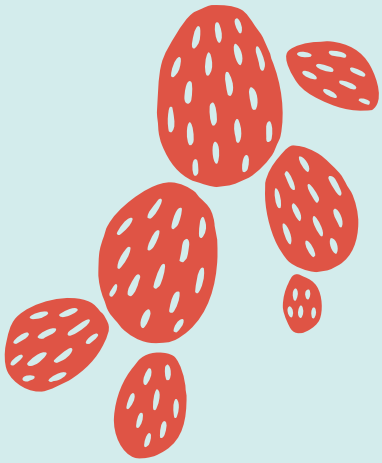

Fyllra & flóknara

Añejo þýðir „þroskað“. Það fær að þroskast í 1–3 ár á eikartunnum og verður fyrir vikið dýpra og fyllra, oft með tónum af eik, vanillu, karamellu, þurrkuðum ávöxtum og hlýjum kryddum.
